WM .COM
APPAREL PACKAGING REQUIREMENTS

Apparel Packaging Requirements

- **Walmart.com apparel items must have price tickets attached to garment. The price ticket information should be visible after the item is bagged. If not, a scannable 14-digit GTIN barcode is required if the item UPC is not visible through the packaging.**
- No price is to be on hangtag
- All merchandise must be pre-folded.
- No hangers, pins, or paper should be used.
  Merchandise must be packed as one size/one color per carton
- **The recommended maximum dimensions of an apparel item when folded are 20"x14"x2".**

NOTE: (**From:** Thomas Wolfe **Sent:** 6/7/2017@ 1:29pm).
****WM.COM has agreed to allow us to increase the maximum allowed fold size to 20" X 16.5".** Mindy Yuen reached out to the WM.COM team and advised the difficulties with the folding and requested authorization to increase maximum dimensions. ******

- All Merchandise excluding shoes must be bagged as individual selling units in sealed, clear polybags. Polybag Packs will always be ONE. **Do not put more than one selling unit in a single polybag.**
- Polybags and outer carton must contain a UPC-A barcode label on the exterior of the polybag or shoe box and outer carton. o the front of the polybag should be unmarked with a UPC-A sticker at the bottom right (see Inner Packaging Example on the following page).
- The below warning should be printed on the backside of the polybag in black letters:

WARNING: THIS BAG IS NOT A TOY.
To avoid danger of suffocation, keep away from babies and children. Do not use in or near cribs, beds, carriages, or playpens.

- The total length and width of the polybag determines the font size for the warning.
- See "Plastic Bag Safety Labeling Requirements Appendix A" for additional details.

- If all labeling text is only in English, the suffocation warning is only required in English. However, if any labeling text (warning, quantity statements, declarations of responsible party, etc.) is translated, all regulatory information including the suffocation warning must be translated. For more detail on this requirement, see "Multiple Language Label Notice Appendix E".

WM .COM APPAREL INNER PACK EXAMPLE

- **When ordering polybag, Factory needs to mark on booking clearly that the polybag should not have any white powder appear (Polybag supplier must not add the powder material which makes the polybag open easily).**
- General Requirements
  - . o All merchandise (excluding shoes) requires hang tags. o. Assorted cartons can NOT be received and may result in a chargeback. o Full carton weight must be less than or equal to 70 lbs. Supplier Pack carton dimensions should be less than or equal 29.75"x15.75"x11.75". o **Warehouse Pack carton (Master Carton) dimensions should be less than or equal 30"x26"x26".**

Supplier Bulletin

Walmart RN number for Private Brand Apparel

ATTENTION: All Private Brand apparel suppliers, Product Development, CTL, BV, Quality Assurance, Packaging, and Technical Services.

DATE: 3.24.2017

SUBJECT: All Walmart Private Brand apparel, both direct import and domestic, must use **RN 52469** on all labeling. Supplier's RN numbers must no longer be used on Private Brand apparel.

EFFECTIVE DATE: **Supplier**- you have 120 days to use existing stock of labels and to revise artwork and start using **RN 52469.**

ACTION REQUIRED:
Supplier- Advise your production managers and factories of this change.
Packaging Team- Please start using the above RN number on all new apparel labeling artwork as soon as possible.
Labs- Please add RN number review to protocol and implement the requirement in 120 days on all new test submittals.

Thank you for your partnership.

Lab Bulletin

Adhesive Label Test Method - Apparel – 10.16.2017

ATTENTION: Private Brand Suppliers, Bureau Veritas, Consumer Testing Laboratories, Intertek, WGS Quality Assurance, WGS Raw Materials, Walmart PD, Quality Assurance, Apparel Technical Services and Walmart Designated Packaging Suppliers.

DATE: 10.18.2017

PRIVATE BRAND PRODUCT SUPPLIERS: Removable Adhesive Label Testing to determine compatibility with your fabric composition is mandatory. This testing is your responsibility to ensure adhesives you designate to the nominated packaging suppliers are compatible with your garments. It should be performed on all adhesive labels on all finished fabric compositions. This will not be added to the normal Walmart test protocol and passing test reports may be requested from you should a problem arise.

SUBJECT; TEST METHOD: Removable Adhesive Label Test Method for Fabrics

Our suppliers contact many of you to test label adhesion on Walmart apparel. We are seeing many different test methods being performed on these removable adhesive labels. We want to standardize this method so results are comparable and end results are credible.

Please reference the following basic test method:

- Adhere sample stickers to all fabric substrates using a rolling pressure of 11 lb. (5kg) for 5 cycles
- Environmental chamber settings 122° F (50° C) and 90% humidity
- Apply 10lb. (4.5kg) load to the fabric/label assemblies
- Place samples in chamber for 24 hours total
- Samples to be checked at 12 hours and if fail stop test and continue if pass
- Failure Assessment
  - No residual glue/adhesive can be left on garment
  - No noticeable color change of fabric
  - No damage to the base fabric
- The test should be performed on garment ready fabric that has been through all washes and treatments.

Lab Bulletin

Test Lab Choice Guidelines

ATTENTION: Apparel Suppliers, Bureau Veritas, Consumer Testing Laboratories, S&P Technical Engineering Services, Walmart PD, Quality Assurance, and Apparel Technical Services.

DATE: 11.30.2017

SUBJECT: This is a reminder that once a lab is chosen for apparel testing of a style, you must continue with that same lab for the 12 month period. Please reference the following excerpt from Walmart Apparel Quality Testing Manual:

3.11 Where to Submit MAP, Pre-Production and Production Samples

Suppliers are responsible for submitting samples to the designated testing laboratory. All suppliers, both Domestic and Direct Import, have a choice to submit Fabric and Apparel items to either nominated 3rd party laboratory. **However, once a nominated lab is chosen for MAP or Pre-Production testing, all subsequent testing for that item and coordinating items, Production and Retest, must occur in the same facility.**

EXCEPTION: Screen Print Suppliers may submit testing to their chosen lab referencing the Nominated Mill Blank report from either designated third party lab.

SUPPLIERS: Please distribute this bulletin to your testing teams.
BV & CTL: Please do not accept Test Requests for styles that have not followed the above process.

EFFECTIVE DATE: 11.30.2017

Walmart

Private Brand Packaging Team

December 8, 2017

To: WM US Apparel Merchants
WM US Apparel Product Development
WM US Sourcing

Cc: Apparel Global Sourcing
Apparel Import Suppliers

In the interest of improving the shopping experience for our Apparel customer, the Walmart US Packaging Team is initiating the use of a larger version of the traditional Size Sizer Clip effective new items F3 18.

Below is a visual of the new Sizer Clip and all applicable manuals have been updated on Retail Link reflecting the new reference # WM 517.

old sizer new sizer

Effective with F3 2018 and all future replenishment orders, the smaller Side Size Clip (W69) will NO LONGER BE ACCEPTED by Walmart or produced by our global vendor suppliers. Please reference the Sizer Clip Manual on Retail Link and order the larger Side Size Clip in conjunction with all future orders.

If you have any questions, please reach out to Kenny Karlikow on the US Packaging Team for assistance.

Thank you for your continued commitment and work on behalf of our mutual business.

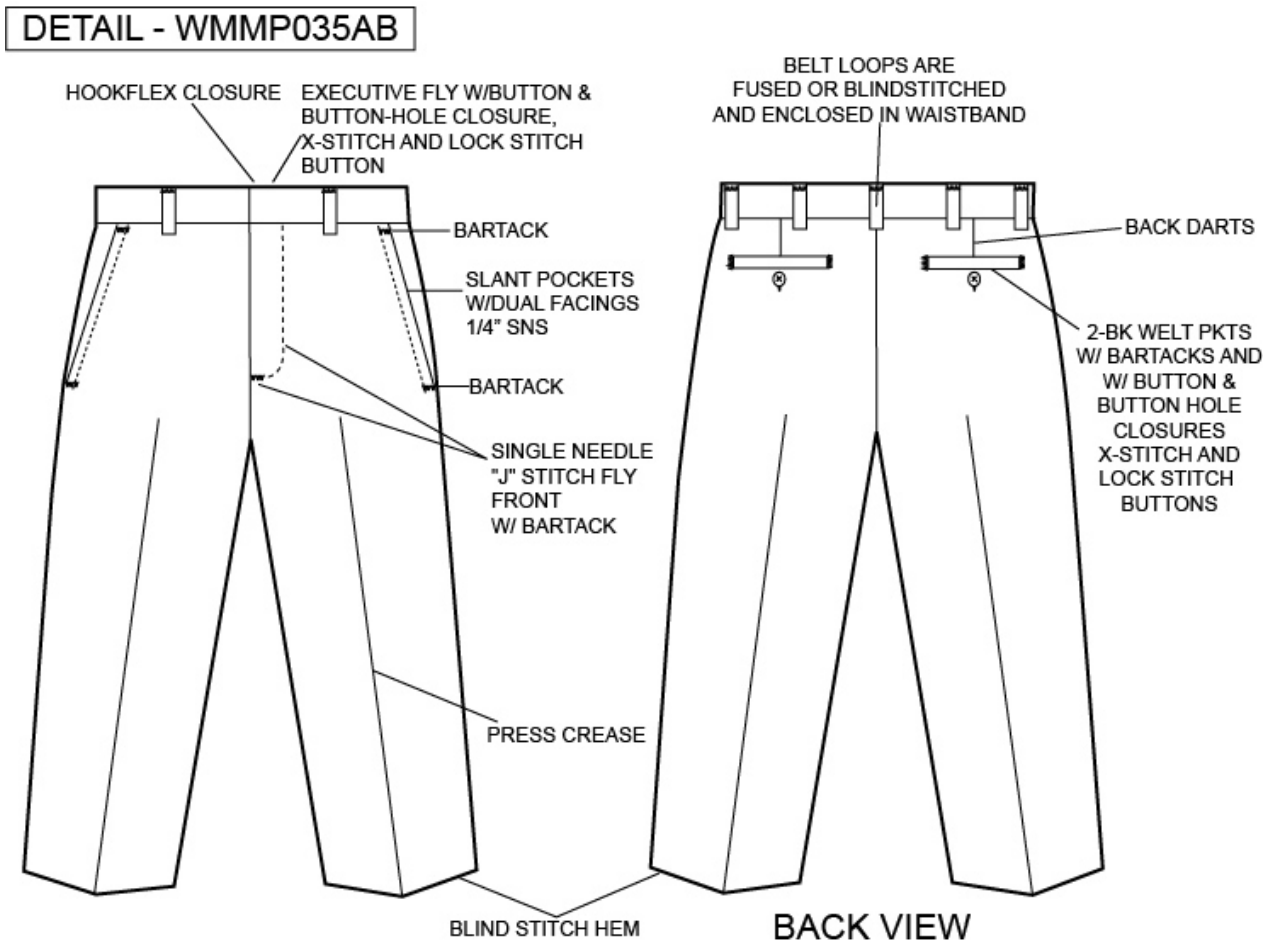

Tim Wilson
Senior Director Packaging
Walmart Inc.
